Re: Request for reconsideration of your December 17, 2007 decision regarding the voting system of Hart InterCivic.

On behalf of Custer County and pursuant to section 1-5-621 (6), we are submitting this request for you to reconsider the decision that you issued on December 17, 2007, regarding the voting system of Hart InterCivic.

Specifically, Custer County believes that the following portions of your decision were in error and requests your reconsideration:

1. The decertification of our precinct e-scans (version 1.1.6). The major factors or deficiencies identified are erroneous or have been corrected, or may be mitigated or overcome with additional human processes by our trained election judges and/or new software releases from Hart InterCivic. With respect to the restrictions associated with this component in the Project Overview report, all of the listed (conditions for use) present an additional, unnecessary burden on Custer County. Each one of the conditions are impossible, impracticable, or unreasonable. We are requesting that this component be recertified without any of the conditions listed in the Project Overview Report.

Respectfully submitted,

Debbie Livengood
Custer County Clerk
Custer County
